SAMI SPARROW

PATTERN ARTIST

SAMI SPARROW

With paint running through her veins, Sydney, Australia-based artist and author Sami Sparrow was born with a crayon in her hand and the imagination to use it in a million ways.

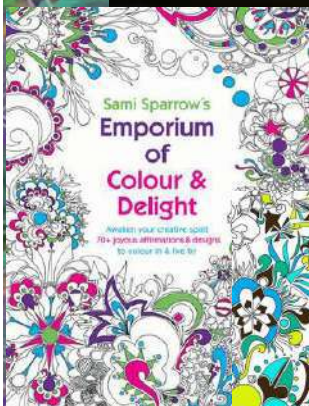

Sami pursues her passion by exploring her abundant creativity across illustration, design, painting and hand-stitched drawings. Sami is currently focused on an abstract exploration of repetition, movement and colour. Inspired by bold design, graffiti, and bygone eras, for Sami, the sky is never the limit.

Sami has been promoting her unique abstract pattern style of work since 2015, in this time Sami has authored two internationally published colouring books for adults, with a third book to be release in June 2018 through HarperCollins publisher, Sami has also been featured in numerus art exhibitions throughout this time.

Sami has a degree in Fine and Visual Arts through Tafe that is attained in her early twenties and continues to attend new courses to expand her variety of skills and creative abilities. When Sami is not working on her creative projects she is looking after her husband and their two adorable fur children Lune and Chewie.

It has been a long-time dream for Sami to have her work licensed, especially for textiles, fabrics and wallpapers. With a heavily design based influence in her artwork, Sami's creations are sure to grab people's eyes and stand out from the crowd.

Sami would be most happy to develop and adapt for work to meet your product specification. Sami is excited at the opportunity to welcome any licensing and commission work.

TROPICAL

The image consists of three vertical panels. The left panel, labeled 'TROPICAL', features a vibrant, multi-colored pattern with green, yellow, and purple hues, overlaid with white geometric outlines. The middle panel, labeled 'MAGNIFY', has a dark background with purple floral motifs and white circular patterns. The right panel, labeled 'DENDRITIC', displays a complex, colorful pattern with red, blue, and green tones, featuring white outlines of geometric and organic shapes.
