GIRIJA KULKARNI

Colour palette, brushes, painting mediums, variety of surfaces to paint on... you can go on. I believe it's the ability to reincarnate the mind through artistic expression gives rise to an Art Form.

Girija has maintained true fidelity to her creative mind by actualizing tantalizing reverberations destroying the body mind duality. "As a visual artist, Girija is constantly inspired by the various forms, shapes, colours and patterns in her surroundings. She loves to simplify the complexity inherent in elements and extolls the sensitive details passionately. Fresh and rich colours, combination of positive and negative shapes define my painting style. She loves to focus on the elements in nature which evoke feelings of joy and positive energy all around. Her goal is to convey these emotions and have a visual dialogue through her art."

About the artist

Resplendent vermilion sings a duet with parrot green, ripe-mango yellow dances with monsoon-sky purple, peacock blue unabashedly couples with permanent rose; yes the colour pallet is the real identity of any artist. Girija, is an artist by mind and birth... Even before she could do maths she had better grasp of the addition of colours and their outcomes. Girija was born and brought up in western Indian city of Pune which is blessed by many artistic traditions. Girija completed her formal education in a reputed College of Arts in western India and graduated in Commercial Arts. Although she is very much comfortable in all mediums like oil, water, acrylic and digital authoring suites like Adobe Illustrator and Photoshop, she prefers to find solace in fine art authored by human hands.

As a painting maestro Girija excels in materializing the Chaotic Collage from her mind onto her canvas where it becomes tranquil as it acquires definite shape and colour. Girija primarily uses water colours to depict her work at the best. She believes that the versatility of this medium helps imbibe her perception of nature. Be it a small bird, the provocations of a wild flower, or the murmurs of a gentle stream passing by, her paintings speak for themselves as they portray this grace of the nature with its delicate nuances. Girija is married and a proud mother to a 12-year-old boy. She lives right beside the seashore in a picturesque resort town of Wollongong south of Sydney, Australia.

Girija has presented her art internationally in India, Australia and New Zealand where she has spent most of her creative time. Girija worked as visualiser in Graphical Media industry before returning full time to her passion of creating visually stunning artefacts and drawings.

Girija is keen to license her artwork and ready to adapt to various needs of the licensing industry.

Girija is always keen to listen to people and the thoughts they have in their mind.
