INTRODUCTION

Introducing Benitta - a visual artist and illustrator hailing from the vibrant city of Brisbane. From a young age, she has been wielding her crayons and felt pens to create art that expresses her unique perspective and vision of the world around her.

Benitta's background lies in traditional media such as pastels, and oils, but her love for vector art is undeniable. With its flexible workflow and easy editing capabilities, she has found a new way to express her creativity through bold contemporary designs that are simple yet powerful. Influenced by pop culture, Benitta's drawings capture the fun and vibrancy of modern life with a unique and personal touch.

When she's not busy creating her own work, Benitta also loves to take on freelance projects. She has worked with a boutique creative production company, designing sets and characters for children's stage shows such as Paw Patrol, Teenage Mutant Ninja Turtles, and Jungle Book Jive. Her work has been seen by audiences across the globe, including Singapore, Philippines, India, and Dubai.

In addition to stage shows, Benitta also creates mascots, illustrations, and murals for schools and businesses. Her work brings joy and creativity to all who encounter it, with each piece carrying her signature style and artistic flair.

With a passion for creating art that connects with people on a personal level, Benitta continues to push the boundaries of what is possible with her art. Using her fine art skills and graphic design techniques in Adobe Illustrator, she is able to create stunning vector drawings that capture the imagination and inspire the senses.
