G A I L E V E N D E N

Based in Melbourne, Australia, Gail creates vibrant and colourful graphic illustrations, using traditional paint and paper and digital drawing techniques. Having grown up in South Africa her influences are from the hand crafts and printmaking that are a strong part of the culture there.

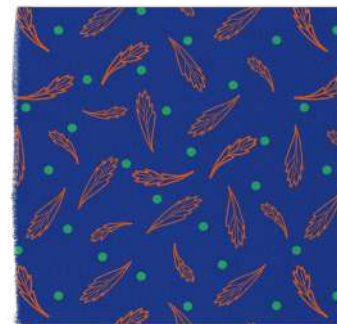

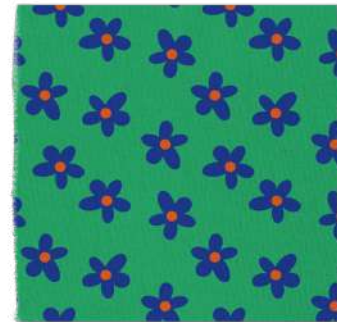

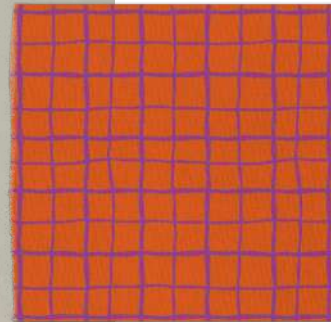

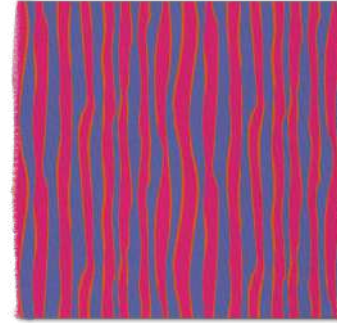

During her graphic design studies later in life, Gail fell in love with surface design which lead her to making repeating patterns from her art. Her process involves sketching on paper and then refining these as vector artworks digitally using adobe fresco and illustrator so they are scalable to any size.

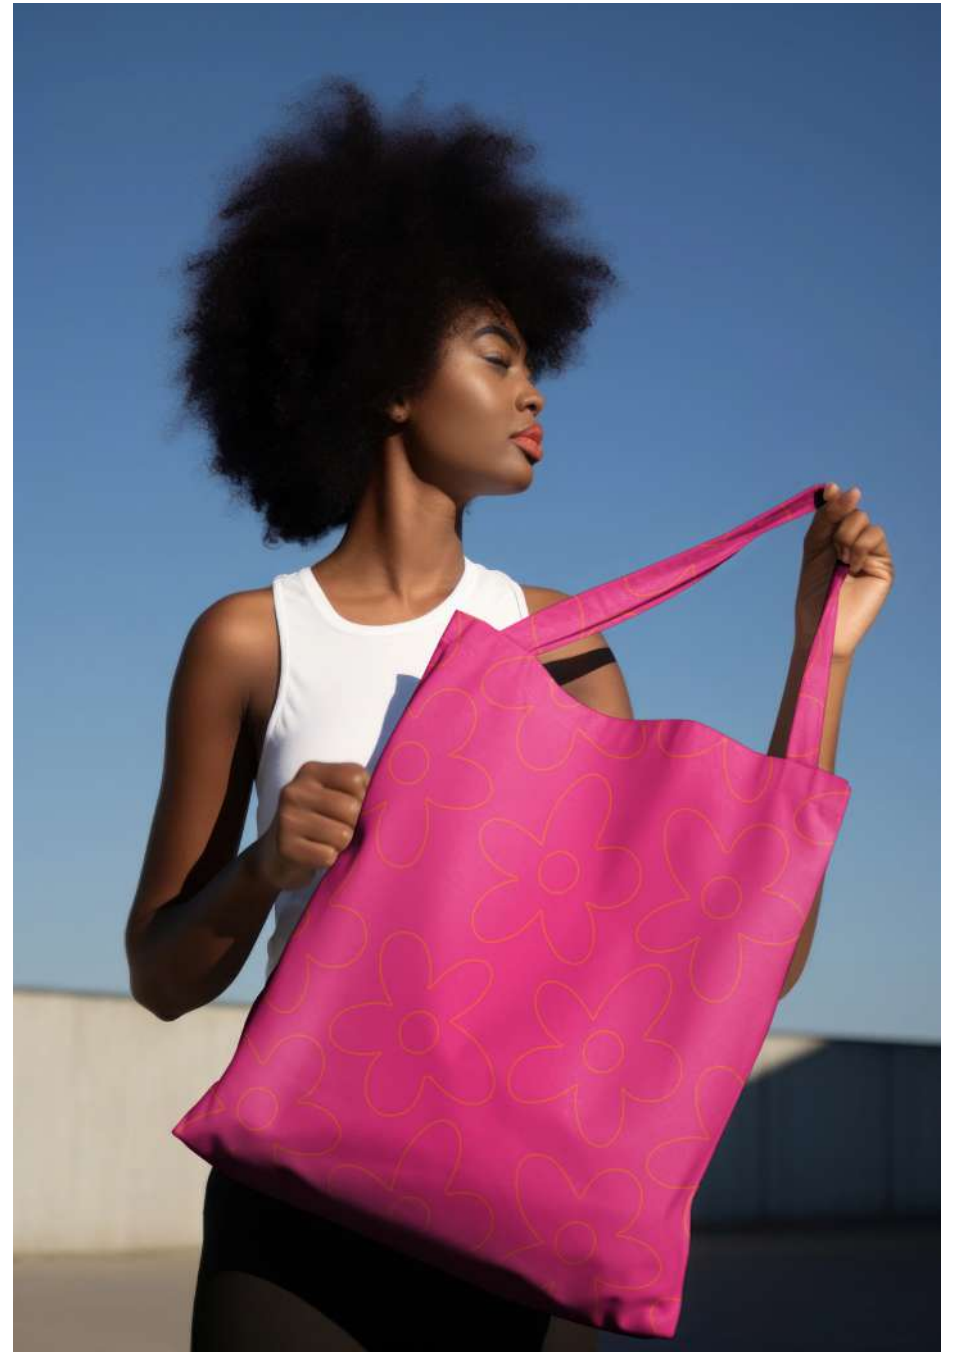

Gail's inspiration comes from the flora and fauna of nature and her curiosity with the mystical and other worldly charms, which form a common theme in her work. Plants, flowers, animals, skulls and magical elements often appear in her illustrations which are bold and colourful.
