Julia Button - Surface Design Patterns

Julia Button is a Surface Designer and Artist based in Brisbane, Australia. Born with a love of nature and an eye for uniqueness and beauty, Julia has lovingly invested over 30 years into her graphic design and visual arts career and has been honing her craft to create stunning works of art that capture the essence of our natural world. Julia's style is an abstract fusion of mediums and techniques, incorporating digital tools alongside more traditional approaches to art-making.

At the heart of her work is a fascination with organic forms and patterns which translate into abstract expressions and compositions that are both refined and are the epitome of sophistication. Through her use of colour, texture and form, she creates a sense of luxury that invites viewers to lose themselves in the beauty of her creations.

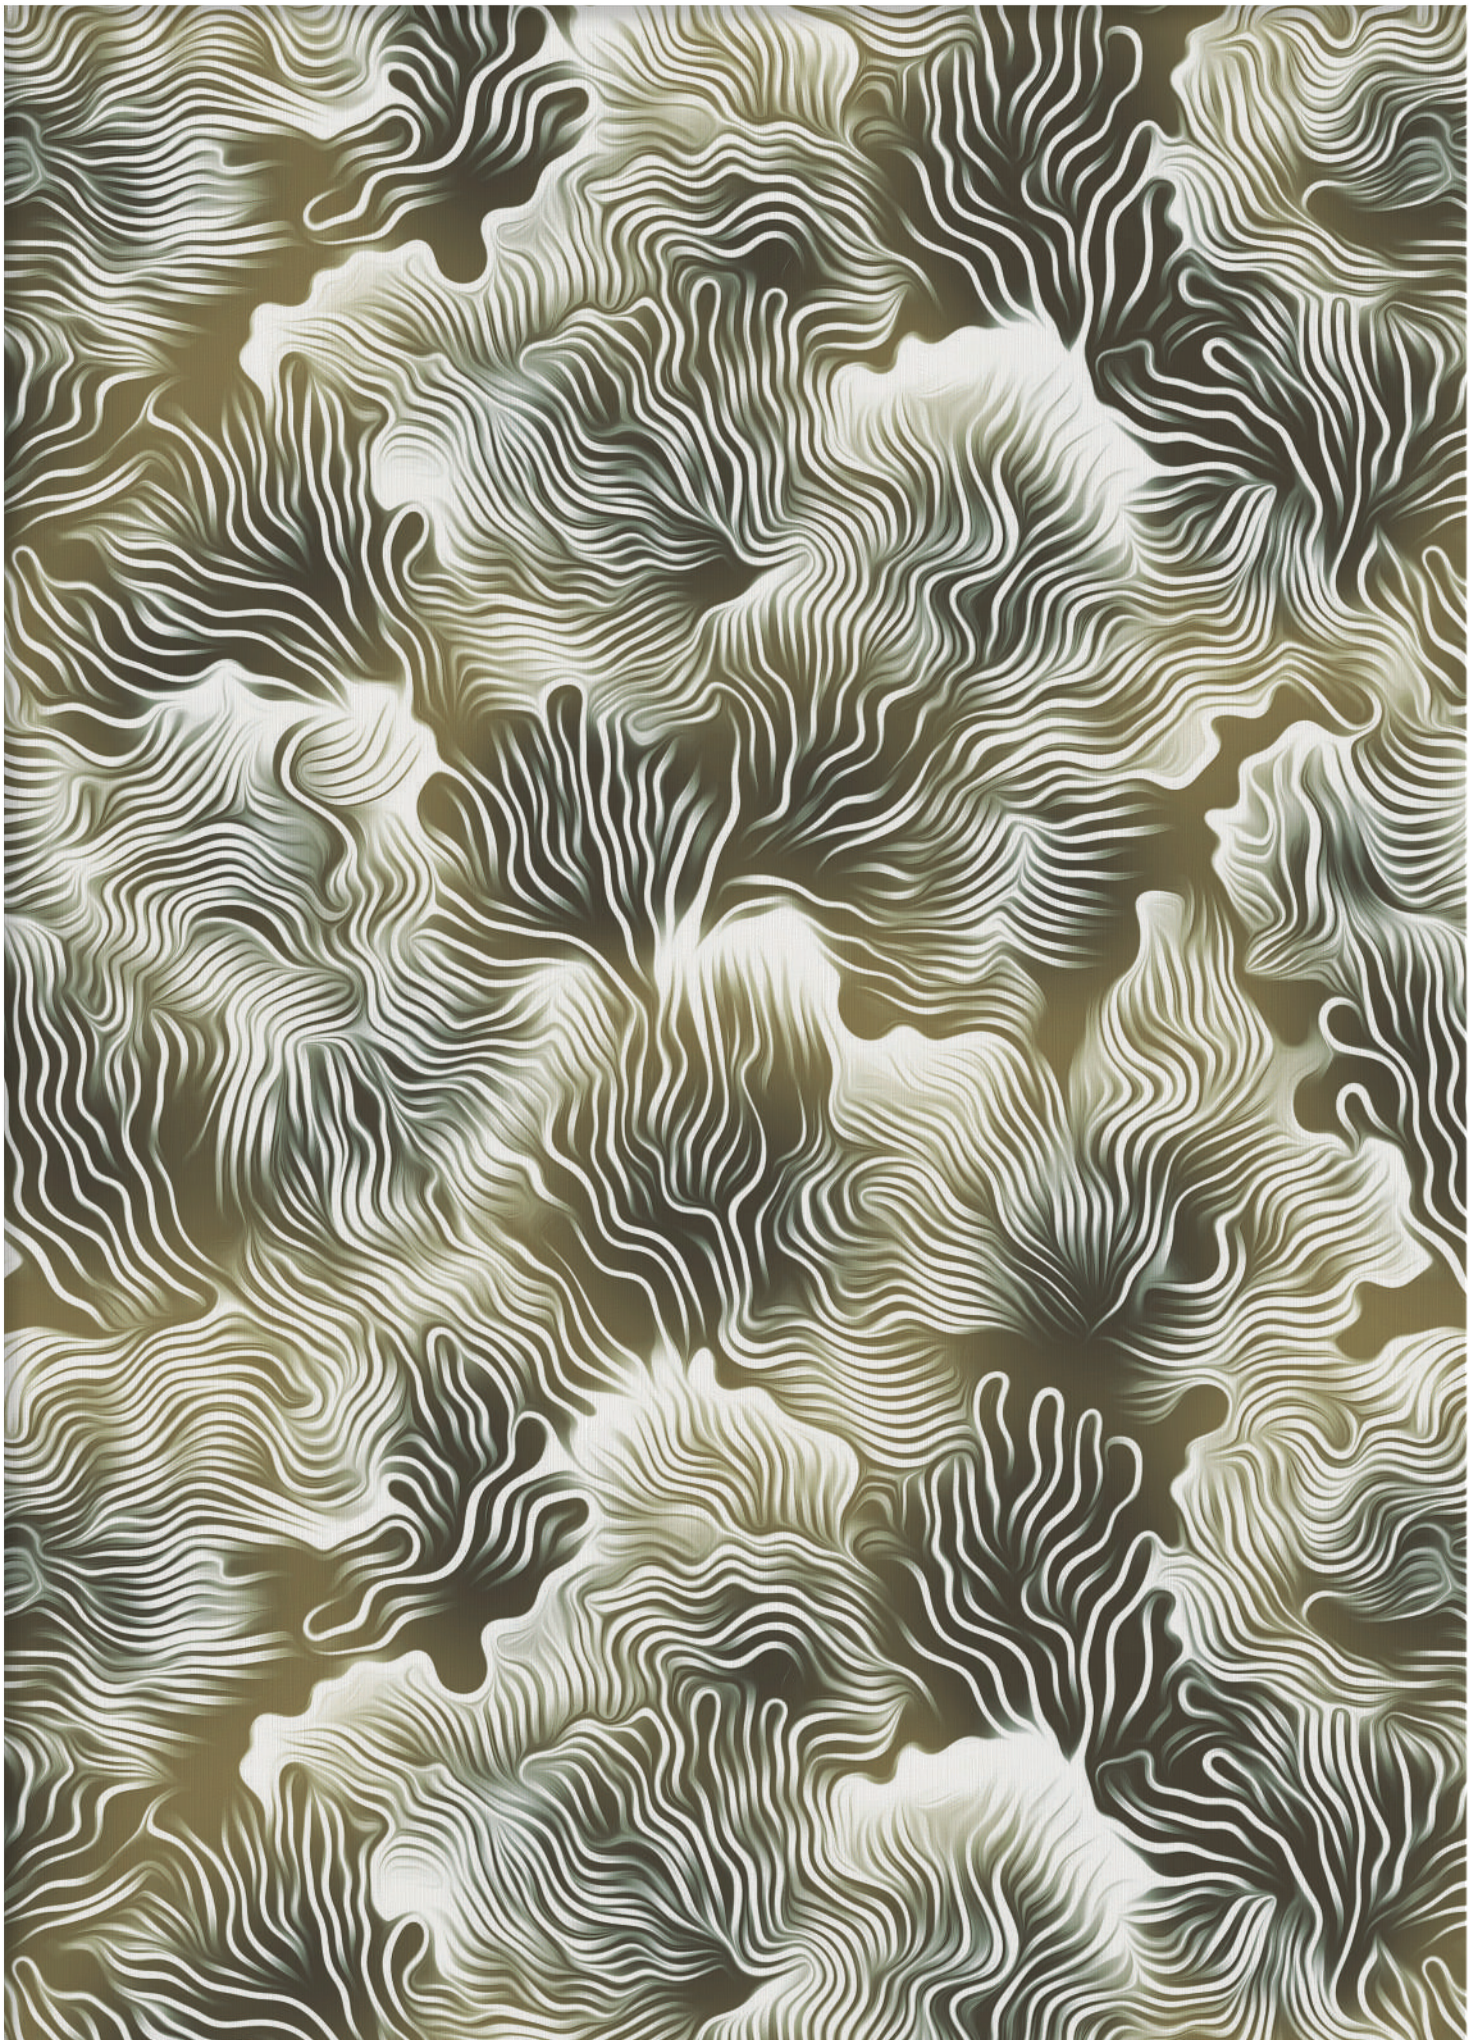

Julia's work is of the highest quality, with each piece uniquely crafted to inspire and captivate audiences. Her art is both inspirational and aspirational, evoking a sense of wonder and awe at the natural world and our place within it.

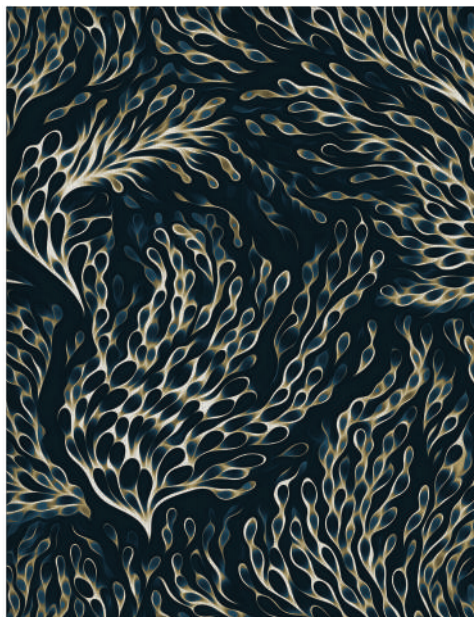

In addition to her mastery of various techniques, Julia seamlessly blends the boundaries between digital and physical. The result is a body of work that is truly unique and inspiring, capturing the essence of the natural world in a way that is both contemporary, yet timeless.
