ArtSHINE BrightStars

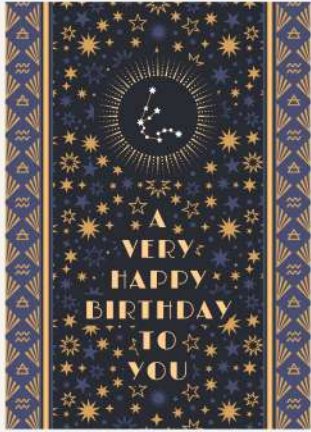

TS Artworks is the creative space of Taranjit Layal. He finds inspiration in architecture and nature, and balance in symmetry and geometry. His work lives at the intersection of art and design, and is driven by his desire to create a body of work that meets at the crossroads of abstract and figurative art.

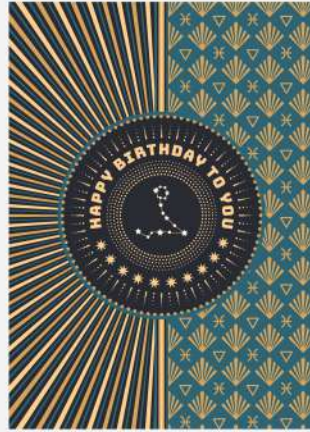

Focusing primarily on surface pattern design and wall art, all of his work begins as a rough idea on paper, which is then brought to life digitally using Adobe Illustrator and Photoshop.

In his past life he worked as a designer in the IT industry in India, Canada, and the US. Born and raised in India, he currently lives in the US.
